*Dear Parents and Guardians,*

*Our Parish School of Religion seeks to work with you in the development of your child's faith formation. We offer a weekly instructional program that is greatly enriched by your practice of the Catholic faith in your home. While grades cannot adequately reflect the degree to which your child is growing in his/her faith life, we feel that periodic reports may be of help to you in fulfilling your responsibility for your child's moral and spiritual development.*

*We would appreciate your reviewing this evaluation with your child. A copy of this information becomes part of each child's permanent record and is kept on file in the Religious Education Office.*

*Sincerely,  
The Religious Education Staff
